ABOUT COMPANY

Sandler Engineering Solution Limited is a limited liability company initially established and registered as a Business name in 2011 but incorporated as a limited company in 2022, and has since grown to be a leading solution provider for the civil engineering and construction industry.

Sandler has expanded from working only in Kenya to exploring the African countries.

It is run by professionals with a solid track record of Civil and structural Engineering and Project Management both at consultancy and construction levels. The senior management have Professional qualification and experience in offering engineering solutions. The Directors is an engineer with vast experience in the technical field. Sandler Engineering Solution Limited is a client focused, service-oriented, civil and road works, general building, structural construction and rehabilitation, scaffolding and form-work Company located in Kenya. The company has the capacity to serve in a wide variety of engineering works as: Construction of commercial, industrial and residential Buildings, , Demolition, Site survey, Site investigations, Roads, Drainage, curb and gutters, Side Walks, Steel Bridges, Reinforced Concrete Bridges, Dams, construction of water tanks, water treatment works, refurbishment and services involving private and public land development.

Sandler proudly employs more than 112 locals, most of which are graduates, diploma holders, highly technical professionals as artisans.

BUSINESS FOCUS

What we do

Whatever the size and nature of your Engineering project, we can help you make the right decisions by acting as an independent consultant on your behalf.

Sandler Engineering Solution Limited business involves the continual assessment of network options and equipment manufacturers for this reason we are qualified to give you a professional and unbiased opinion.

Throughout the construction and or engineering processes on every project we will be proactive and offer assistance to client and design team to ensure all projects are completed safely, on programme, within budget and to the best possible standards.

Vision

“To be the market leader in the provision of civil engineering and construction solutions in Africa”

Mission

“To grow on existing business while building the platform for the leading solutions in civil engineering and construction through excellent customer care” and hence service beyond customer expectations Competitive edge

Competitive Edge

Sandler provides customized solutions which are anchored on strict delivery timelines and end-to end quality checks.

Our Services are

- High quality
- Competitive prices
- Flexible & customizable
- Fast timeline

OUR SERVICE

Engineering services are summarized below:

- Road Construction
- Building works
- Engineering investigations
- Construct-ability Review
- Conceptual planning
- Surveying
- Construction documents
- Specifications
- Structural design
- Construction estimates
- Construction support services
- Engineering calculations

Building Works

We do undertake construction of residential buildings, office blocks, warehouse and the associated civil works such as storm water drains, paved access roads, lined drains, paving blocks and landscaping. Renovation of buildings and partitioning works also feature in our log list of experience.

Products & Materials Procurement

Sandler Engineering Solution Limited can project manage the product procurement process on your behalf, enabling you to have a single point of contact. This may include all your equipment, electrical, mechanical accessories or building materials that you may require

BUSINESS PRACTICE

PRACTICE

Code of Ethics

Our statement of Business Practice, The Way We Work, defines Sandler Engineering Solution Limited business principles that apply worldwide, to all employees, agents, Sub contractors and others when representing Sandler Engineering Solution Limited

A code of ethics provides principles to which personnel are expected to comply and which they are expected to champion throughout Sandler Engineering Solution Limited

All Directors, Managers, Engineers, Accountants and all staff of Sandler Engineering Solution Limited will:

- Act with honesty and integrity, including ethically handling actual or apparent conflicts of interest between their personal relationships or financial or commercial interests and their responsibilities at Sandler Engineering Solution Limited;
- Promote full, fair, accurate, timely and understandable disclosure in all reports and documents that Sandler Engineering Solution Limited files with, or submits to, the authorized government agencies, Kenya Revenue Authority, Nca, Ntsa etc. or Otherwise makes public;
- Comply with all laws, rules and regulations applicable to Sandler Engineering Solution Limited and to its relationship with its shareholders;
- Report known or suspected violations of this code of ethics promptly to the Chairman of the Company; and
- Ensure that their actions comply not only with the letter but the spirit of this code of ethics and the culture in which Sandler Engineering Solution Limited operates in compliance with the law and Sandler Engineering Solution Limited

Sandler Engineering Solution Limited Ltd will take appropriate disciplinary action against any such employee who acts in contravention of these principles.

LET'S CONNECT WITH US

Sandler Engineering Solution

Sandler Engineering Solution is a prominent engineering and construction firm with a distinguished track record in Kenya and Somalia. With a commitment to excellence, we offer a wide spectrum of services, encompassing construction, real estate development, materials manufacturing, supply, and comprehensive engineering consultancy. Our core values of innovation and expertise underscore every project we undertake. We take pride in our role as a dependable contractor, building roads, bridges, residential houses, commercial buildings, and go downs with precision. As a real estate developer, we transform visions into reality. Our in-house concrete product range includes a diverse array of blocks, kerbs, culverts, and more. Sandler is your reliable partner for superior construction and engineering solutions, ensuring the region's progress one project at a time.
